

Nathyn John William Barton

June 4, 1992 - July 9, 2018

Nathyn John William Barton, 26, passed away on July 9, 2018 in South Jordan, Utah. Nathyn was born in Salt Lake City, Utah on June 4, 1992 to David and Katie Barton.

Nathyn spent the majority of his childhood in Tooele, Utah, where he loved to torment his sisters and hang out with all of his cousins and friends. He attended Weber Basin Job Corps where he earned his GED and earned his professional welder's certification. While at Job Corps, Nate became red-card certified for fire-fighting, earned student of the month, was dorm leader the entire time he attended the campus, and earned an award for being the hardest worker in his trade. He also got the award for class clown, as to be expected. He eventually found a career as an HVAC technician. There was no job that he couldn't do after only watching for a few hours. He was so smart and was willing to share his knowledge with anyone who would listen. He made his entire family so proud of him.

Nate loved anything outdoors, especially fishing. Our favorite memories will always include him doing what he loved; shooting clays, hiking, exploring all the places he knew he shouldn't go, fishing, camping (especially in Hickman), drive-in movies with his fiancée, and playing with his dog Minnie. Nate always had an answer to a problem, regardless of what it was about or if you wanted an answer at all. He had a joke for everything and

would tell it whether it was an appropriate time or not. He loved his family and friends unconditionally and would give the shirt off his back for anyone who needed it.

Words cannot express how much love his family and friends have for him. We will miss everything about him, from his infectious laugh, to his goofy grin, random dance-offs with his friends and the way he would lip-sync or change the words to any song just to make people laugh. We will miss how gentle and kind he was to his nieces, nephews, god-son, and any other child who would call him "Uncle Nate." We love you, Boy.

Nathyn is survived by his parents, David (Luana) Barton and Katie Barton; fiancée, Autumn Cuneo; siblings, Tyler Menne, Tabatha (Christian Maynard) Barton, Cortny (Todd Perry) Barton, Lacey (Mike) Jackman, Josh (Amy) Sandoval; grandmother, Frances Gamboa; and his many nieces, nephews, aunts, uncles, cousins, and many close personal friends.

A Celebration of Life will be held at the Tooele Elk Lodge, 61 N Main St, Tooele, UT, on July 15, 2018 from 10am-3pm. Friends and family are welcome to come and pay their respects at any point during this time. Food and beverages will be served. Come as yourself, as Nate would have wanted.

A special thanks to Wasatch Heating and Air, and Adam Richardson with Serenity Funeral Home for their compassion and delicate care of our beloved son, fiancée, brother, uncle, and friend.

“ *I wish I had more photos of us. I have plenty of memories with you though. You were always a hard worker. Never leave a jobsite dirty. You took pride in your trade and you were damn good at it. You were definately one of the hardest workers I know. You were also a man of your word, very dependable. If you said you'd do it, it was done. Everyone could always count on you being there. A wonderful friend. You had a sharp wit and fast reflexes. Your ability to crack a joke was amazing. I remember having some of the best laughs of my life with you. You kept a smile on my face from ear to ear. I think I remember my face cramping up one time. I want to tell you that I think you were a great person and an awesome friend. One of my best buds. You were always someone I could count on. I'm honored for having been a part of your journey. I hope to see you in another place, another time, another life. Until next time my friend...*

“ I would always ask what nathyn thought about things all the time and he would tell me the brutal honest truth no matter how I felt he would always tell me. Nathyn taught me how to run some hvac when I worked with him. I love him like a brother and he is my family!! I love him so much and I can't believe this still! I love you brother and I hope you are catching the big fish up there!! I love you brother and you will always have a place for you in my heart!! Forever and always!!

“ Unfortunately I don't have any pictures, I have videos on a camcorder that I unfortunately can no longer play either. I have so many fun and heartfelt memories with nathyn but my one of my favorites would be when nathyn, a mutual friend of ours and myself were walking from my house (don't recall where we were headed) I had a soda and had stopped to take a drink while nathyn and our friend just kept walking and talking, they didn't even notice I had stopped. I don't know why but I thought it was hilarious and actually ended up peeing my pants. I don't think I ever laughed so hard and the look on his face was priceless. Our friend made herself pee her pants so I wasn't the only one walking back to my house to change. Lol. It is now a memory that I will cherish forever along with many more. 💕 There was never a dull moment when Nathyn was around and I am so greatfull to have known him and be as close as we once were for so many years. I may not have talked to him very often after high school but we always made sure to keep in contact and I'll always cherish our friendship.

“ Oh the memories I have with you. Most of the memories I have revolve around times like this. We had a passion for skeet shooting and just blowing things up. So many camping trips of you making the fire EXTRA sketchy but nobody was ever cold! Oh and that one time you talked me into going up Jacob City to “see something cool that you found.” Yeah, I wasn’t about to walk into a dark cave but you were all for it! Your sense of adventure was remarkable even when it was super sketchy. Thank you for always making me go outside my comfort zone by trying new things. Even when I flat out refused. It’s made for some amazing memories I will always carry.

When it comes to my husband, sometimes I had to question if you just come over to hangout with Kameron. He would always get extra excited when you were coming over. It’s like you guys knew each other for years. There is not very many people in this world he would ever call for help, but you were one of them. He knew he could rely on you and trust what you were saying. You even taught him a few things.

The memories we have we will forever cherish and continue to reminisce about. You’re extremely missed and always will be. We love you so much.

“ Our first trip to California together! Was probably the best vacation ever. We went out to California to meet my side of the family and so I could meet his mom, sister, niece, nephew, and brother. When we got to California the weather was horrible. It rained so much it was so cold. But we were determined to make sure we had the most fun we could. My family fell in love with him instantly when meeting him, and I fell in love with his family. We got to have some great fun memories with both sides. But on our last day in California we decided to take the day for ourselves and drive out to the San Francisco and spend the day out there rain or shine. So we drove out there, and when we got there the weather was BEAUTIFUL/PERFECT. We went to Pire 39, we walked all over. We got our pictures drawn out with cartoon faces(that looked just like us) we saw a magic show, listen to live music, went saw the seals. It was just amazing. This vacation was perfect in every way. This memory will forever be in my heart with so many other memories. I love you Nathyn more than anything and I always will and I just want to thank you for giving me this memory to have till the day we can be together again. I know you were my soulmate so when we are together again we can have more time together.
