

Robert Lee Hylemon

May 30, 1959 - April 24, 2023

Robert Lee Hylemon passed away on April 24, 2023 after a long but short 3 year battle with stage 4 cancer. He was able to pass away peacefully at his home with his best friend and love of his life, Evelyn. Evelyn was at his side taking such good care of him every step of the way, even before he was diagnosed with cancer.

Bob was always a provider. He worked blue collar jobs as a mechanic, excavator, driller, and blaster. He worked in mines, helped create dams, roads, and so much more. He worked for companies such as Lakeview Rock Production Company, Hughes Construction Company, and Layne Christensen Company.

In his free time, you could find him watching what he called the “idiot box” aka TV, attending car shows, race cars, or simply playing with his grandkids. He was an outgoing fun goofy grandad.

Bob will be missed by his loving wife of 43 years, Evelyn Louise Hylemon, his 3 kids, Jeremy, Thomas, and Tawnya, his 10 grandchildren, and 1 great grandchild, that he loved to spoil along with his siblings Lynn, Creg, and Theresa.

We will all forever remember him for his humor, love of cars, dedication to

family, and how hard of a worker he was. He was dedicated up until he could no longer get out of bed, which was just a few months before he passed. He was so strong and he never let a day go by without doing something silly and making us smile. He wants nothing more than for all of us to continue with our heads up and smiling.

We will be celebrating Bob's life on Saturday, May 20th, 2023 from 12 pm to 4 pm at his home in West Valley City. Please come share and remember the good times as he now lives on through all of us.
