

## Roy Stanbrough

March 3, 1974 - March 11, 2015

Roy Stanbrough was born on March 3, 1974 in Oklahoma City, Oklahoma. He passed away unexpectedly on March 11, 2015 in Draper, Utah.

He is survived by his two children Kylee and Cameron along with their mother Windy, his girlfriend Pamela Endo and her children Alex Jane and Jesse. He is also survived by his lab family at Evolution/Revolution, as well as many other family members and friends.

Roy was a devoted and loving father, outstanding friend, and more than just a co-worker to many. He was a member of the United States Navy and proudly served our country on land and sea. He found joy in life as a dental technician and was happy to help people improve their smiles.

Roy enjoyed outdoor activities and staying healthy. He loved drawing, painting, long bike rides, hiking, camping, 3-wheeling, fishing, and boating. He loved spending time with his children whenever possible. He was always the first to lend a helping hand or caring word.

His big heart and generosity will be missed by all who knew him.

There will be a life celebration dinner in his honor held in the beginning of April, exact date and time TBA. All who knew Roy are invited to attend. Please

“ I have been missing you like crazy!! your inspiration, motivation and love for life still lingers. Every experience, workout and adventure I do, you are on my mind. The impact you have made on my life is huge and forever greatly appreciated. I feel so much comfort in the fact I was able to tell you what you meant to me and my family before your passing, but find so much discomfort in fact your amazing soul is no longer here to shine upon us. I miss you and will always remember you. Its almost been a year and I think about you more than ever.
