“ I am devastated by the loss of my best friend of over 50 years. We were attached at the hip doing most everything together. High school, Dixie Jr College and then working together in the family business, Capital Ceramics. We laughed hard and we cried hard too. She was my confidant and I could always count on her to listen and comfort me when life was not going according to my plan. I can't imagine life without her and I was so lucky to have her visit me in April for a few days this year. We went to Kanab to meet up with an old college friend and it was so good to relive those wonderful memories of Dixie. She was an amazing artist, in ceramics, china painting and crafts, she just had the vision of the completed project before she started. She made many friends while working at the shop, and it was always so fun to see her light up when they came in the door.

We had talked about doing our Thelma and Louise moment together, but alas she escaped that antic. I will miss her forever, however I am so, so grateful that she came into my life and made such a huge impact on me and everyone she met over the course of her life.

To Dave, Katherine, Pewee, Shelby, Ryan, Michelle and the grandson's you have been blessed to have Ruthie in your lives. May those wonderful memories comfort you in the days ahead.

Love to you all,

I had so many great conversations with her. She was the one I missed the most when they closed up shop. I will always remember her impeccable handwriting as shei wrote the invoices on that crazy machine they used up to the end. She was really a top notch human being. Her husband works for GSD, grounds department, or he use too.

“ I am so saddened this amazing woman has left us so early in life. I loved Ruthann and will never forget how her face would light up whenever we shared animal stories - especially horses. She loved sharing her horse calendars. Seeing Ruthann at Capital Ceramics visits was the highlight of my teaching career. I found myself going to the shop when I didn't even need product because I enjoyed the company and visits so much. Ruthann had a knowledge of ceramics and products that will probably never be replaced in my lifetime. Her sense of humor was always a treat to end a work day with. My heart aches for her family and dear friends. Ruthann will now shine down on us and always be close to our hearts - especially during studio time.

“*Ruthann was my best friend and co-worker at Capital Ceramics for 45 years. She made everyday the best day. She just lit up the room when she walked in. She had a wonderful sense of humor and a sharp wit. She could have people laughing so hard tears would roll down their cheeks. She made everyday at work so enjoyable. She was such an artist....her creations were so beautiful. She could paint anything and make it one of a kind. She was the kindest person I ever met. Oh Ruthann, I think of you everyday and I'll miss you so much.*

I send my condolences to her family at this very difficult time.

Rest in peace my friend, I will never ever forget you.

I met Ruthann "Ruthie" at the Salt Lake Art Center in an Experimental Darkroom Techniques class in 1975. We had a blast baking negatives and printing one-of-a-kind images. Over the next 40 years we stayed in touch even though our lives took us down many different pathways. Ruthann was one of the kindest and most generous people I have ever known. Her infectious laughter helped heal hundreds of souls including my own. Her artistic ability and knowledge of ceramics goes without saying – a true artist and professional – but never afraid of sharing what she knew with others. I will miss her smile, laughter and wit – her passing is truly a great loss for everyone. I would like to extend my condolences to the Safford family and all those who knew and loved Ruthann. The world and our lives will never be quite the same.
