

Sereima Taiti Camari Damuni

June 7, 1933 - May 2, 2021

On Sunday May 2nd, 2021 Sereima Taiti Camari Damuni peacefully transitioned to the other side of the veil in the presence of her children, grandchildren, great grandchildren and other family and friends. Sereima; more endearingly known to all as “Nana,” (meaning Mother in Fijian) loved all and was without a doubt, loved by all.

Nana was born June 7th, 1933 in the valley of Sigatoka in the beautiful Fiji Islands. She is the only child born to Netava Vukivuki and Selai Ucece. She hails from the villages of Nadrala/NarataConua Nadroga. She pursued an education in Nursing which suited her compassionate loving heart. Nana met and married the love of her life, the late Emosi Damuni Damuni, known to all as “TATA.” Together they had 6 children.

She was preceded in death by her Eternal Companion in September 2010. She is survived by her children Bale Tuisavura, Selai Lesu, Levani Damuni, Jack Damuni, Ariva Damuni, Waqa Damuni and Litiana Beaman; 25 grandchildren; and 27 great grandchildren.

While she will be physically separated from us, Nana will remain forever in our

hearts, until we meet again.

“ *Caring for you these past few years has been the biggest blessing my life has ever experienced. You are the best grandma! You loved us all so freely and so much! We could do no wrong in your eyes. Dementia took so much from you! Everyone constantly wanted to test you to see if you remembered their names, and although you forgot so many names one thing you never forgot was to say THANK YOU, VINAKA, I LOVE YOU! Dementia may have taken your memory, but it could never take your love! I miss you everyday and every day I will love you until we meet again! Uca and I miss you our sweet sweet Nana, please stay with us forever!!*
