Sergio

Sergio Torres Andrade known to his family and friends as “Seven” passed away on Saturday, May 29, 2021 at the age of 15 in his home in Taylorsville, Utah due to the progression of MPS II (Hunter Syndrome). He was born in Salt Lake City, Utah on March 6, 2006 to Susana Andrade Lomeli and Sergio Torres Lemus.

Sergio was born to a loving family and was so lucky to have had a mother that dedicated her life to him. He knew nothing but love in a world that threw many challenges his way. After endless hospital stays, many surgeries, and much pain, he still managed to keep a smile on his face. Sergio was a very happy kid and loved to play, watch movies, and make people laugh. He was able to do what he liked until MPS II slowly took that away. He lost the ability to talk, walk, and eventually the ability to eat by mouth. He became a quiet little boy but was still the same gentle soul with a heart of gold. He will be so deeply missed by his family.

Survived by Susana Andrade Lomeli (mother), Sergio Torres Lemus (father) and Mayra Torres (sister).

Proceeded in death by maternal grandmother Constanza Lomeli, and paternal

grandparents Esther Lemus and Juan Torres.

“ Sergio is a lovely soul, too good for this world. It was my privilege and blessing to be associated with him and his wonderful family! I know Sergio is in a better place, where he can watch over those he loves, and be their guardian angel. May you all feel the peace that you so deserve.

“ Sergio dealt with so much, yet kept an even keel throughout his life. He was gentle and had a kind eye for all who entered his world. He taught us how to get on with it, whatever the it may bring. Thank you Sergio for being with us and showing the way. It has been an honor to know you and your wonderful family. Dr. V
