“ Grandpa, I don't know where to start, but you have always been a good person! A great father, grandfather, and even loved your great grandchildren. I hate that we didn't get to spend more time together before all this had happened. I wish I could see you happy and cheerful again. You are one of the best listeners I know right now. You are forgiven for every sin you created in your living path. Stay strong in heaven and we will keep our heads up and not weep because I know that's not what you'd want.
