“ *I am very grateful I had the chance to get to know Stephen. He always loved to talk about his great family. I could tell how much he loved them all. I always enjoyed his playful/ mischievous attitude. He had more youthful energy than I did. I wish we could have been friends back in the 80's :)*

“ *I really enjoyed having Stephen at work. He told me about his family and some of the heartaches he and his wife had experienced with their children and cancer. He was always upbeat and cared about everyone. I also got to train him when he first came here. He was an excellent student and then teacher. Once he understood something, he shared his knowledge with anyone who asked - and some who he saw could use some assistance. He thought about his family often and was willing to offer helping hands to anyone in need. We will miss seeing him but know he's feeling fabulous now!*

“ One of the first memories that I have of Stephen “Steve” is going to the stake dances. He was always so nice to dance with any girl that asked him to dance. I also remember when he met his wife Caleen. He was flying on cloud nine when she said “yes” to his proposal. Steve always had such a kind & giving heart. He would give you the shirt off of his back. My thoughts and prayers go out to his family at this difficult time.

“ Before I ever met Steve in person, I was forwarded a copy of an incredibly detailed, comprehensive spreadsheet he had put together detailing the various supplemental plans we had recently started offering at work at the time. I was so impressed with how meticulous his work was; it was obvious he had spent a great deal of time and effort into creating and updating the spreadsheet.

Then when I met him in person shortly afterward, I was even more impressed with how easy it was to interact with him, how personable he was, and how well he did at his job. He was a true, consummate professional, and a great example to me.

“ I had the great experience of working with and being supervisor to Stephen. Beyond being a fantastic individual he had an absolutely phenomenal work ethic and expected the best from himself. We miss him very much and I wish we had more people like him.

“ We share your loss and love you all! We were so blessed to live next door to the Bendixsen/Williams family for so many years! Stephen faced his difficulties with such courage and never lost his sense of humor! We loved visiting with Stephen and Caleen. We talked of all the stories of Stephen being our babysitter for our 6 kids. We laughed and cried together. You all welcomed us into your lives and we have enjoyed the "family" bond that we have had over the years with Blaine and Phyllis and all of their kids. We have so many wonderful memories. Our prayers and love continue to come your way!

“ Stephen was a wonderful son. He was willing to help me with various jobs and council with me on how to do different things in my home or outside. He was kind and understanding and didn't want to offend me in any way. His last words to me on several different occasions were "Mom, I want you to know that you were a good mom and I love you very much." I loved him too and he will be missed by his family, brother and sisters, as well as his cousins. He was a handful when his father, Lynwood, passed away when he was 4. But that only lasted a couple of years as he adjusted to loosing his father. Then he was lucky enough to get another dad (step-dad- Blaine) who loved him very much. They had trips together in the scouting programs and other activities that father-sons do together as well as family vacations. Stephen also lost his daughter, Caitlynn to cancer. That was hard on the entire family. Blaine passed away in February 2018. It has been quit a journey for all of us. Till me meet again, we will look at pictures and share memories of all of you, Love Mom.
