

Steven Walter Patrick

September 30, 1954 - February 27, 2023

Steven Walter Patrick was born September 30, 1954. Steve passed away from complications due to cancer on February 27, 2023, at his home in Salt Lake City, Utah with his sister Carol by his side. Steve grew up in the Millcreek area and graduated from Skyline High School. It was there he started finding and making friends while employing his distinctive curiosity about philosophy and life. Steve graduated from the University of Utah in 1980 with a master's degree in industrial psychology. Steve moved to Portland, Maine where he married and had two sons, Duncan and Justin. Steve cared deeply for them both. He later returned to Utah. Steve worked for various insurance actuarial departments and started a consulting business. Steve authored a book, "A Whole of The Whole," and was working on a second book. Steve liked to frequent coffee shops where he met and befriended many unique people. His family will miss him, along with friends, neighbors, acquaintances, and business associates. Steve is survived by his son Justin Patrick of Rochester, New York, sisters Carol Dent and Linda Shurtleff, brother Michael (Emily) Patrick, and mother Faye Patrick. Steve preceded in death by his son Duncan.

The family would like to thank friends Scott Apgood, Steve Ball, and former wife Becky Bernabe for their kindness and support. No formal services are planned at this time. To use words from Steve's book, please celebrate Steve's life by finding "moments of joyful gratitude toward ourselves, people

and nature.”

“ I worked with Steve at Blue Cross Blue Shield of Maine, partnered with him to do a motor route to delivery newspaper, and helped when I could with his vending machine side business. He was one of the nicest people I ever met

“ Like others have said, Steve is a heart because his heart is that big. I woke and thought of him and his wellness. I never once wanted to say goodbye to him during our conversations. I guess now I have to. Goodbye for now. See you again soon.

“ I had the pleasure of knowing Steve since 2020 when we relocated to SLC. My partner Jeff Gabardi worked with Steve back in the 90's. In my experience Steve was such a kind and gentle person, he maintained such an optimistic outlook and was open to alternative therapies in his health battles. We enjoyed many pleasant times and meals together. Both Jeff and I will miss him and his energy. Condolences to Steve's family and many friends.

TH

“ I had many pleasant chats with Steve at a coffee shop. He was always smiling and writing away in one of his notebooks. A good soul. May he rest in peace.
