

## Suzan Helene Latshaw

August 2, 1955 - August 12, 2024

Sue was born in Oakland, California to Douglas & Jean Marsing. Sue married the love of her life Michael L Latshaw at the family cabin in Millcreek Canyon on August 21, 1981.

Suzan Latshaw passed away peacefully in her home surrounded by the people who loved her.

Sue was the most giving, selfless person. Everyone was welcome in her home. Her home was a place anyone could go to for support, a shoulder to cry on, or anything that was needed to help. She was mom and now grandma to so many.

Sue moved to Utah to get away from her mother and to start a new life. She lived with a friend at BYU for a while. She found a job in Salt Lake as a dental assistant and found out she was pregnant. The dentist she worked for offered to help her. She lived with them and they helped her with finding a family to adopt her child. She gave birth to a beautiful baby girl in April 1977. Giving her up was the hardest thing she ever had to do. I met Sue a few months after and our love story began. Many years later and thankfully for DNA tests we were able to find her and get to know the most amazing woman. Katie has been a blessing to our family. Sue was sure she would never find her, let alone to find her and find out what an incredible, smart, sweet woman she is.

Sue is survived by her husband Mike, her four children Danielle, Chris (Brook), James (Katie), and Katie. Her nine grandchildren Wyatt, Whittnee, Raylee, Breyden, Baylee, Lilla, Libbie, Lucas, and Luie

There will be a celebration of life

BK

“ Sue, (I always called her Sue) was always fun to be around. She has such an infectious laugh. She has a strong personality and a kind heart. That being said, she would also never have a problem letting anyone know if they made her mad. I first met her back in the 1980's. I was lucky to have some rides in "her" Toyota Landcruiser (Goldie). I think it was both Mike and Sue's, but I was told it was hers. 😊 I had the privilege of working with her and Mike at Hoystal Crane for many years. She always treated me just like one of her own. People like Sue are rare in this world. I am grateful to have met her and to have the opportunity to get to know her and the Latshaw family.
