“ It took me a while until I was able to share here. I have many memories of my times with him over the years, but there is one in particular that I will be forever grateful for. In 2016 I moved from my home in Vegas to stay in Salt Lake for a few months. I was going through a rough and confusing time desperately trying to figure myself out. During that time Terry was always just a phone call away. He may not have known it, but he helped me remember the important things in life. He helped me remember my self worth and always put a smile on my face. My grandfather was full of love and acceptance of me.

*Please do not be sad that he is gone, let his love and happiness live on forever in your heart.*

“ Miss you Terri. I learned a lot working with you in Jersey & I'm glad I was able to stay in contact with you over the years. Your personality was 3 feet in front of you & your smile would light up any room. You were a gentle giant but could flip a switch and throw a vcr thru a window when you needed to... Lol. Good memories on the road with you. Rest in peace Terri!

“ Terry was the most wonderful brother. It was amazing how such a strong man had so much compassion for the down and out. His love for all animals was amazing to watch. There are a bunch of feral cats that lived behind the gas station by his home. He would stop and feed them every day on his way to work this went on for years, he may have still been feeding them. Scooter and diamond would wait every evening knowing Terry would be coming home and giving them treats. He would tell me he couldn't wait to retire so he could work for the humane society. He had such an amazing soul. I miss him so much.

“ I wish I had more pictures with my grandpa, but I do have some pretty great memories. He was a good man, he took care of his family. He worked hard. He always gave without expecting anything in return. He was funny and he accepted all of us for who we are. I'm just happy he's not in pain anymore, he didn't deserve what he had to go through. I wish I could tell him how much we loved him one last time, I wish I would have spent a few extra minutes with him when we'd go to breakfast. I didn't realize how serious it was until it was too late. ❤️ Tomorrow isn't promised, don't take time or your loved ones for granted.
