“ *I remember playing football after School through jr. High. We played on our side lawn. He was hard to pull down he would run along our Tam bushes we would push him in them. He would sometimes have change in his pockets. Later in years i dug some of the Tams out and found some of his change. Good memories. He will be missed.*

“ Dear Thayne, You were one of the greatest evidences of God's grace to me. So kind, so patient, so full of life. You changed the direction of my life!!! You never stopped teaching me. Never. When ever I was doubting what I could do, you would show up and some how give me every bit of confidence I needed to fix anything. I do what I do today because of your influence. You never forgot me. So many LONG talks, so many late nights, so many close calls! So much antifreeze, gas, and oil. You taught me how to live. Now who do I call when I get stuck on the road or in life? I miss my big brother. I love you forever my beloved friend.
