

## Vaima'ali Mounnga Kalapa

January 27, 1975 - March 22, 2021

Vaima'ali Mounnga Kalapa, 46 years old passed away on March 22, 2021 in West Jordan, Utah. He was born on January 27, 1975 in Nukualofa, Tonga to Timote Kalapa and Tupou Lotolangi Tukumoeatu. And met his longtime girlfriend Julia Agresor in Honolulu, Hawaii.

While living in Hawaii Vai worked as a landscaper at a young age then worked on a boat curise as a caterer, then moved on to work at a seafood company where he would cut and prepare fresh seafood to be shipped out to the local stores and resturants. He would also do some side jobs as a mechanic, helping friends and family with thier vehicles whenever they had an issue with it. After living in Hawaii for many years he then moved to Utah where he would reside until his final days. He was known as Big V, and whenever there was a BBQ going on and Vai was cooking, everyone knew the food was going to be bomb or as we say it in Hawaii "Onolicious". Once you tried his Mochiko Chicken, you would want more. He knew how to enjoy and have fun whenever and wherever there was a party. If you knew Vai you would know he was a humble giant, if he could help you he would try his best. He will never be forgotten, he will always be in our hearts ! We love you Dad, it's not a Goodbye it's a I'll see you later. Please continue to watch over us. Ofa Lahi Atu

Here's a few words from his children:

"I couldn't believe it.

It's too early, they took you away from us.

I remember as a child we all cruise around the island, spending time together as a family. A lot of Good memories will not fade. You accepted my marriage and my husband. I'm super grateful that I have you as my dad.

No matter how old I get, I will never stop needing you.

You will always be my dad and my friend.

I miss you so much I cry.

Now you're in a better place and watching over us kids and grandkids.

Until we meet again, love you Dad."

Sincerely,

Your little Monsta

"I dedicate this song -Daddy, Beyonce. When I was in the hospital, you and mom visited me with a beautiful stuffed dog. I felt happy and lonely in the hospital when I received that stuffed dog. Seeing you go breaks my heart into pieces, this is not a Goodbye this is see you later until we meet again in Heaven. I'll change just for you to make you happy. I love you dad always and forever"

Sincerely,

Loto

"Thanks for all the memories you gave me when I was a kid. I remember you taking me to the movies, to the park, and getting me whatever i wanted. I had a lot of fun and those are the memories that will stick with me forever. What's sad is that I couldn't remember the last words I said to you. What's even sadder is that I know Havika's really going to miss you, since he was the one closest to you. The saddest part about it all is that I never got to say "Goodbye" or " I love you". We will all miss you. At least your in a better place now. Until we meet again..."

Sincerely,

Ola
