“ Only a few our countless special moments together that we had during your last years. I'll never forget you and I'm so glad and proud that I was able to keep my promise to you and be there for you when no one else would. When you were left alone and cold, I picked you up and made you whole. I love you dad. I will always be with you know matter what, remember? We fought as a team, father and son until the end no matter what. 😭
