

William "Bill" Del Stone

June 30, 1969 - September 27, 2024

William Del Stone, most often known as Bill and Billy for those closest to him, was born on Monday, June 30th, 1969, passing too soon on Friday, September 27th, 2024. Bill began his journey in Fairbanks, Alaska, born to Peggy Seay and Billy Roy Williams. He loved his Alaskan heritage and embodied it fully, living a wild and free life in so many ways. He left home young to take on the world, traveling to many places and ultimately to his chosen family. Bill met and married his first and wonderful wife, Angie and took on the responsibility for her incredible daughter, Lexi. Later they would go on to have a child of their own, Alex, who Bill could not have been prouder of. Bill loved his role as a father and took every opportunity to show his family that he would do anything for them. After some time, Bill and Angie parted in marriage, remaining friends and shared so much love for their children. One of Bill's journeys led him to Cyndi, together they wed in April of 2021. They shared many hobbies and took every opportunity they could to embark on adventures, large and small, together.

Bill will be readily remembered and often storied for the free-spirited way he lived his life; he truly knew how to have and create fun. He was often silly, never afraid of what others thought and encouraged that bravery in others. When we talk of Bill, if we're not sharing a funny anecdote, we will always be speaking about his incredible work ethic. To his core, he was self-sufficient and wanted to help those around him to be as well. Thoughtful in so many ways, his mission was to help others in whatever capacity he could. Bill was a

treasure hunter, he had a knack for finding the most amazing things that were quickly dubbed, "Bill-finds." He had a way of seeing things that no one else quite could and used this talent to bring those he loved so much joy. He had a way of putting a smile on your face, sharing laughs and true emotion through his countless poems and stories.

Bill was a member of the LDS church, he loved riding on his motorcycle, fishing, being on the ocean, and doing what he could to make others smile. In his earlier years he drove truck in Alaska and across the country. He was self-sufficient owning his own business, "Go Green" where he was an arborist and loved doing what he did.

Bill is survived by his wife, Cyndi, his son, Alex, step-daughter, Lexi, his former wife Angie, closest friends Sean and JB and the Stanislavsky family. Bill was preceded in death by his father Billy Roy Williams and his son Noah.

Those closest to Bill through his many travels will be sharing tall-tale worthy stories for years to come, he lived and loved up until his passing day and will be deeply missed.

In celebration of Bill's life, a funeral service will be on Wednesday October 9, 2024 at the LDS church on 5349 West 9000 South, West Jordan Utah 84088. Viewing will be held from 11:00 - 11:40, funeral service will be held from 12:00- 1:00.

As Bill would say, Peace, Love, & Happiness.

“ Some of my best memories growing up, were because of Bill. Whether that be the time he and I ate those grasshoppers or when he took me to Lagoon for the first time. He grabbed my arm when I almost fell into the Cannibal, I'll never forget it. It always felt like he was looking out for me and for others. He had lively sincere character, it always felt like he wanted to get the most out of life. It makes me really sad to know such a genuine soul is gone, he'll be greatly missed. My condolences.

“ I've known Bill for about 8 years. I met him when I hired his son Alex. I could tell by Alex's work ethic he had been raised to be accountable. Bill could be a little rough and his language colorful. But Bill always wanted to help people. I will miss Bill coming into gas up and talk. Bill would always send me his poems and call me to asked what I thought of them. Bill will be missed and Alex I'm sorry you have to go through this sorrow. God bless you and your family.

“ I’ve only known Bill for a few short years but I really grew fond of him. Bill was one of the most genuine and kind hearted people I know. His love of outdoors and nature. His appreciation of the world around him. He always seemed to say things that would uplift those around him. I’m thankful to have known him and appreciate his testimony of Jesus Christ and his gospel. Bill is a great man who will be missed. Heaven got a good one! Take care friend and we’ll see again sometime.

“ One of the memories I have is March of 2017, Bill wanted me to teach Alex how to ski, but I only snowboard. Neither one of us knew what we were doing, so we kept yelling at Alex to "PIZZA!" to stop and "FRENCH FRY!" to go as he cannonballed down the mountain. Alex did an awesome job, and Bill was so proud of how fast he progressed to the bigger lifts. Bill had everyone on the mountain joined in, yelling "PIZZA!" and "FRENCH FRY!" as we skied under the lift, with one person even yelling "I want a taco." It was amazing to see so many people taking an interest in someone else learning how to ski.

We stayed the night on the mountain and it was snowing as the temperature dropped. Bill noticed Alex was shutting down, shivering and barely able to talk. I thought he was tired and had sore feet, but Bill realized it was more serious. I kept a fire going, and Bill and Alex shared a sleeping bag until morning. It got a little scary at the end, but that didn't stop Alex from wanting to go skiing.

RIP Bill, and I wish your family strength and comfort through this difficult time.

“ I am deeply saddened to hear the news of Bill's passing. He was such an animated character and I always loved how he would narrate his poetry. He always had a kind word and a good piece of advice, when needed. He will be missed. Rest in Paradise, my friend

Bill was always willing to help with anything. As you can see from the video, I don't think he's afraid of anything and he has a great sense of humor!

“ Billy was my little brother, I have fond memories of our outdoor playing that we always did. He loved the ocean and loved the boats. We both had a passionate love for Alaska. He saved my life when I was 11-12, he was three years younger me , we were caught in a fire, my legs caught fire and Billy's Adrenalin kicked in, he told me to stop drop and roll, got me home so I could get to a hospital. He truly saved me. I knew Billy in our coming up years, we shared a bond that was very special as kids. His zest for life and living will truly be missed. RIP Brother Bill. Love ya

“ Bill you were one of the best! I will always remember the moments we shared. The conversations Bill and I would have and just sharing philosophies on life with each other was special. His poems were amazing. I also remember doing a service project and Bill teaching my son David how to run a tree stump remover. David was beaming ear to ear. His love for Alex was so strong and he was constantly telling me about the special things Alex was accomplishing and you could always see the pride in his eyes. He wanted to see Alex accomplish more than he had. One of the most special moments was after Bill had an argument with Alex and he sat with me and expressed the deep sorrow he had for how he had handled it and sought advice on how to approach it the next time with Alex. That takes a big man to admit when he is wrong and seek to know how to improve. Bill was humble enough to always find ways to be a better man, father, husband, and son of God. He was a huge example to me in so many ways. Billy, I love you and I will miss you. Till we meet again my friend.

“ My family and I have known Bill since the early 2000s. He has always been generous and friendly to us. We came to America in 96, and were still learning English, especially my dad. Bill sat with my dad for hours, speaking with him so my dad practiced his grammar and new words. Bill also was very generous with what he had, even though back then he didn't have that much either. I especially remember a gas powered scooter he had! He let us (8 kids) ride that scooter around the neighborhood! I remember the neighbors dog running after us and that scooter! Bill brought us Christmas gifts when he could. Let us stay in his home when we went to Alaska. Thanks to Bill, we have great memories of our childhood! He will be greatly missed! ❤️ May God bless his family and give them strength through this time. Lena Berkuta (Stanislavsky family)
