“ *Sterling, so many times, I have sought out comfort in your company, you always had words, to show me see how simple each and every choice really is, you were quick to point out, happiness is found only when you look for it.*

Your caring for us has never gone unnoticed, stopping by just to tell a story, jumping right in the middle of any work I was doing, the quick way you understood, and the ability to point out where thoughts were wrong, but never leaving it at that, always a story of yourself making a much bigger mistake and how you over come it, As if never to leave us standing alone in our errors,

We will miss the neanderthal mechanic, the harley riding biker, the can do spirit, the son who loved his parents and wanted their approval, to the trying family man who always was searching, for a new way to reach his children and let them know you loved them, without saying the simple words, I don't remember a time, we were together, you didn't speak of your children.

Its hard to think of world without you, but we know your right there watching and helping all of us, so much will be missed.

Take care our friend, know, you are loved, and missed, we're smiling knowing somewhere someone is laughing at a story you are telling.

We miss you and all that you are.

“ *I too,have so many memories from our family reunions in Vallejo at our grandparents as kids, camping at Lake Berryessa, and Six Flags Texas amusement park where the four of us were on our own. To Lake Tahoe family reunions where we could go to the casinos as adults. You always had us laughing with your weird but funny sense of humor, which always got us in trouble.And yes we can't forget the family get togethers in Norco,CA and Aunt Norma's Brisket. Our conversations on the phone in the recents years were good. I miss those calls. Needless to say we always had fun. I will always love and miss you "Billy" Gibson.*

“ I would of loved to finishing our ride up in Utah. So many memories from the family reunions in Vallejo at our Grandparents as kids and Lake Tahoe when we rode our Harley's around the Lake. To the amusement park in Houston Texas were Billy would reach under the hood of the cars and make them fly on the track. We had some good times in Norco Ca. At Aunt Norma and Uncle Bill's house having family barbeque's with Aunt Norma's brisket. I am glad to have had dinner with Sterling in Utah few years back. Just that short time was nice. We were suppose to get together for a ride that didn't happen. I just want to say I love and miss you Billy Sterling Gibson.
