May 21, 1979 - June 3, 2023

Web Link: <https://us06web.zoom.us/j/88136496023>

Lois was born in Chengdu, China to 应水桃 Ying Shui Tao (Father) and 崔凤兰 Cui Feng Lan (Mother) on May 21, 1979.

She moved to Wuxi in 1983, then Shanghai in 1985. She attended Shanghai International Studies University from 1997-2001. It was here that she earned a Bachelor of Arts in English Literature.

Lois met Warren Krotz, the love of her life, in August 2000 in Shanghai while she was working as his interpreter. Lois and Warren were married on August 15, 2002.

In 2005, Lois completed her MBA in Finance and International Business from the University of Utah David Eccles School of Business in Salt Lake City.

Lois excelled in her career and had a reputation as a superb strategist, compassionate leader, and gifted mentor. After working as a financial analyst for Thorpe Capital Group and Credit Suisse from 2004-2008, she forayed into healthcare as a consultant for Equation Consulting from 2008-2012.

In 2012, she transitioned to KLAS Research where she spent nine years

directing teams of analysts and delivered over 70 healthcare IT market research reports. Within the company, she was universally recognized by her colleagues as a culture leader and invaluable talent. She moderated and participated in global panels, as well as led discussions with executives and thought leaders across the healthcare IT industry. In January 2023, Lois took a new position as a Senior Director at Workday, Inc. She was warmly welcomed by her new team.

Outside of her extensive career, Lois lived a vibrant life filled with diverse interests and an endless bucket list. She enjoyed climbing, hiking, hammock yoga, local gyms, and anything else that allowed her to be active. Lois meditated often and was happy to be in the moment. She loved to travel, adored all animals (especially her dogs, Fei and Guan), and was an avid foodie. She explored the outdoors during all seasons, often cataloging its beauty and inspiration on social media. When Lois posted, you always knew it was going to be beautiful, positive, and insightful.

Lois was the life of the party. She welcomed all kinds of adventure. It could be a spiritual retreat in the mountains, or a gangster rap session in her Land Rover. She was always the person to initiate the next experience. People were always drawn to her infectious smile, endless optimism, and steady sense of humor and laughter wherever she went.

Above all, Lois's greatest gift to this world was her example as a compassionate, loving, and loyal friend. She had a passion for people and dedicated much of her energy and time to helping others. She was often called upon to mentor colleagues due to her ability to connect, nurture, and inspire other people.

Lois lived life to the fullest in her short time on this earth and inspired others to do the same. She always saw the beauty in life. She embraced life with open

arms and grace. She was a force of good, of love, and of light. Lois was the kind of person that made life better for everyone that knew her.

Lois, we will forever carry your memory in our hearts. May you rest in peace, Warrior.

“ Lois - You made such an impact on me in such a short amount of time. I can't believe it was just a couple weeks ago you were in Minneapolis with me. I am deeply sad to lose you and want to thank you again for all of your support and friendship. You are a wonderful, top notch human. I am grateful for the time we spent together and will not forget you. Thank you for shining bright, I will miss you <3 May you rest peacefully, angel. - Yana

“ I met Lois through our friend Monique about three years ago. Lois was the best hot sculpt yoga partner! I cherish the time we spent on Friday nights in Park City taking class and refueling with margaritas and chips and salsa. Lois would frequent my yoga classes at Tadasana Lehi after I was first certified to teach and I was always grateful to see her bright smiling face show up to class. There were many, many sessions where she was the only one to come, so we got to flow together, build a friendship, and grow our yoga practice together. I am blessed to have known such a beautiful human and I will miss her dearly.

*My world is better for knowing you, my friend.*

“ Exactly a year ago this weekend we were enjoying our girls trip in Napa. One of so many memories we created together over our 13 years friendship. We were supposed to be making sushi tomorrow not say our goodbyes. 😞

*It still feels like a bad dream I'm trying to wake up from. Prasad, Maya and I are going to miss you so much my beautiful friend. You will forever be in our hearts. ☐ 🍷*

“ Lois and I worked together for two years. We also traveled in China together for two weeks. And I had the privilege of spending two hours with her parents in their home for dinner. She is the bright star in life we all want to be. She lifted my life with her Facebook posts. The flowers on earth lost a bit of color the moment she passed.

“ You couldn't help but break into a smile when you saw Lois because of her radiant and infectious smile. She was the perfect example of living and loving life while continually seeking knowledge to improve and grow. Anyone and everyone she met was with open arms and heart and with that has touched the lives of so many in such a positiveway. I am a better person for having known Lois and honored to have called her a friend. I love her so dearly and will miss her deeply.

“Lois will forever be in my heart. I loved spending time with her. I appreciate sharing similar interests and values. She fiercely protected and supported me and my family. She was the best colleague, travel companion, friend, and my yoga student. We had several discussions around this life and others, as well as paths we crossed both physically and spiritually. I am honored to experience both. ❤️

*I will miss our Chinese New Year celebrations, but will carry the tradition. I will miss receiving thousands of photos... every bird and critter that passed through her yard. I will miss her encouraging my nieces and nephews, and telling them how perfect they are in their way. I will miss her teaching them Chinese. I will miss endless videos they made and sent to Miss Lois.*

*Lois is larger than life. I find comfort knowing she chose to live this way. She left this earth to soon, but she was doing she loved and felt passionate about. She felt challenged, accomplished, grateful, and free when she was climbing.*

*Always in our hearts. Rest in Peace, Warrior. ❤️*

“Lois was one of my closest friends. I loved the breadth and depth she brought to all the adventures we went on. She always wanted to take on new challenges. Our fondness of our dogs led to many great walks and dog dates. Her spontaneous laughter and smile will be missed greatly.
